

DIVISION OF EMERGENCY MANAGEMENT AND HOMELAND SECURITY TRAINING ANNOUNCEMENT:

Homeland Security Exercise and Evaluation Program Controller Course

See below for Location/Time.

Description:

The Homeland Security Exercise & Evaluation Program (HSEEP) Controller Course is an intermediate level HSEEP course with specific and in-depth instruction on exercise control, as well as helpful tools and tips. The course builds upon the 2 Day HSEEP Training Course provided by the Division of Emergency Management & Homeland Security. There is review of the subject material presented within the HSEEP Training Course, as well as significant in-depth exploration operations based exercise control.

Target Audience:

Anyone who will be a member of an exercise design team or fulfill a role in one of the following areas of the exercise design process: design, development, or conduct for an operations based exercise. The primary audience for the course are control staff or persons interested in becoming an HSEEP certified controller for the Division of Emergency Management & Homeland Security.

Objectives Include:

- Define the roles and responsibilities of the Lead Controller
- Define the roles and responsibilities of the exercise control team
- Describe and provide advanced techniques of simulation
- Design & set up a simulation cell
- Design & set up exercise controller training
- Distinguish the major control elements required for the operations based exercises

Notes:

- Participants who attend all hours required of this course and successfully pass a final exam will receive a Certificate of Completion.
- Class seats are first come, first serve.

Cost:

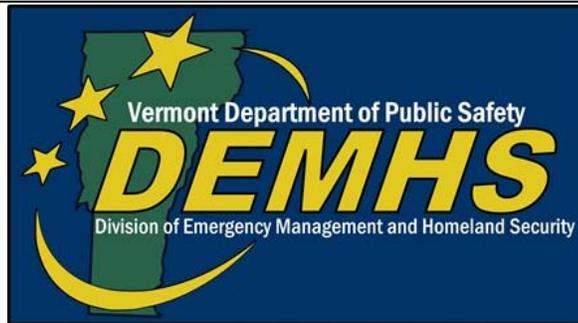

- There is NO cost to attend this course.
- Lodging, meals and travel are the responsibility of the participant.

Prerequisites:

- Homeland Security Exercise and Evaluation Program (HSEEP)

Number of openings: 20

Registration Deadline: 2 weeks prior to course
