

HOW YOU WILL KNOW THERE IS AN EMERGENCY

- The loud, steady tone of the outdoor emergency sirens, lasting 3 to 5 minutes
- Broadcasts from loudspeakers on police and other official vehicles
- Tone-alert Emergency Alert System radios
- Calls to your home or business from an automated high-speed telephone call system
- A message on Teletypewriters (TTYs) if you have registered with a town Emergency Management Office to be notified over TTY in case of an emergency
- Word of mouth

If you hear any of these signals, turn to one of the Emergency Alert System radio stations immediately.

Tune to your local Emergency Alert Systems (EAS) radio station for emergency instructions. Instructions may be relayed day or night and will include recommendations on what to do for your protection. Follow instructions carefully. Information will be provided regularly.

Local EAS Stations

WTSA	Brattleboro	96.7 FM*
